This UCITS has appointed Amundi Luxembourg SA, an entity part of Amundi group, as its Management Company

Objectives and Investment Policy

The objective of the Sub-Fund is to seek a return close to the reference indicator Euribor 3-month, by investing at least 67% of its total assets in money market instruments denominated in Euro or in other currencies hedged through a currency swap. The Sub-Fund must maintain an average portfolio maturity not exceeding 90 days.

The Sub-Fund may invest in financial derivative instruments for hedging purpose and for the purpose of efficient portfolio management.

The Sub-Fund does not aim to replicate the reference indicator and may therefore significantly deviate from it.

The accumulation share automatically retains, and re-invests, net investment incomes within the Sub-Fund when the distribution share pays dividends in September of each year.

The minimum recommended holding term is 3 months.

Shares may be sold or redeemed (and/or converted) on any dealing day (except otherwise stated in the prospectus) at the respective dealing price (net asset value) in accordance with the articles of incorporation. Further details are provided in the prospectus of the UCITS.
